

# More than staffing: *A performance solution*

As businesses are struggling with production challenges and need to do more with less, SIMOS Solutions can help you increase productivity, lower costs, and improve worker retention.

That's a triple-win for your business. Our custom solutions are built on driving performance—so you only pay for the work completed, period—and can flex to help you meet changing demands. With our solutions in place, you can focus on making the best product—we'll take care of the people.

**10 - 20%**

Typically, our clients save with our solution

**10 - 25%**

On average our clients see a 10-25% increase in output and performance

## **Performance-Based Staffing**

Our solutions are engineered to drive performance in the most efficient ways possible—not to fill hours.

## **Rapid Workforces**

Get quality talent you can count on, fast, with onsite management and transparent pricing.

## **Engineer On Demand**

Finetune your operations under the expert eye of our experienced in-house engineers.
